On September 20, 2015 Correactology Health Care Practitioners from across the province came together to celebrate the graduation of the second class from the Canadian Institute of Correactology. Graduation ceremonies symbolize academic accomplishments. The graduates include: Jenny Davidson, who will be practicing in Milton and Guelph; Luciano Ingriselli, who is currently practicing in Sault Ste. Marie; Kirsti Conron, who will be practicing in Milton; and Julie Léger-DiMaio, who is practicing in Oakville and Sudbury. The Board of Directors of the Canadian Association of Correactology Practitioners and the Canadian Institute of Correactology, wish happiness and success to the certified and now licensed Correactology® Practitioners.

Correactology® Health Care is a non-invasive health care method of re-directing the body's corrective sequence to stimulate its natural ability to auto-correct. Services are currently offered in Correactology® Centers located in Barrie, Milton, Oakville, Rouyn-Noranda, Sault Ste. Marie, Sturgeon Falls, Sudbury, Timmins, and Val Caron. Our Guelph location is due to open in the fall of 2015. Please visit www.correactology.com for more updates.

OCTOBER HOROSCOPES

LIBRA (SEPTEMBER 23-OCTOBER 22) – This is an excellent time to eliminate whatever is unnecessary and outworn from your environment. Focus on what you really want in life.

SCORPIO (OCTOBER 23-NOVEMBER 21) – Use the everyday reality around you as energy for the ideal world of your imagination. You'll find yourself an inspiration to all.

SAGITTARIUS (NOVEMBER 22-DECEMBER 21) – You may be seen by others as the right person to be put in charge of some project requiring a conservative mind.

CAPRICORN (DECEMBER 22-JANUARY 19) – Emotional energies are strong and upbeat at this time. All you have to do is go with the flow and let it happen.

AQUARIUS (JANUARY 20-FEBRUARY 18) – Studying new concepts is favoured; your ability to understand abstract ideas and your desire to grow intellectually is strong now.

PISCES (FEBRUARY 19-MARCH 20) – Be on the lookout for open doors and opportunities for personal and professional growth. You will be surrounded with many options if you look for them.

ARIES (MARCH 21-APRIL 19) – Put aside time-wasting diversions and instead focus on what really makes you feel alive.

TAURUS (APRIL 20-MAY 20) – Be wary of unusual social interactions. Be sure to be on your best behaviour as things can easily turn sour.

GEMINI (MAY 21-JUNE 21) – What is said and what is felt may not be the same at this time. Watch out for inner contradictions from those around you.

CANCER (JUNE 22-JULY 22) – You may find you have discovered some improved ways of fitting your leadership into your life. Some changes will be momentary while others will last.

LEO (JULY 23-AUGUST 22) – Be ready for a touch of tension when you meet up with people you haven't seen for some time. Don't let the mistakes of the past influence your future.

VIRGO (AUGUST 23-SEPTEMBER 22) – You are aware of not only what others are saying but what they are feeling. This is an excellent time to clear the air on any grievances you may have.

Patient Testimonial

Nous avons découvert les Soins de la Santé de la Corréactologie grâce à une amie qui nous l'a recommandés. Nous sommes les parents d'une fille et d'un garçon de la Chine. Nous avons décidé d'aller chercher les Soins de la Santé de la Corréactologie pour nos deux enfants, il y a une couple d'années. Nous continuons à les apporter parce que nous avons vu du beau progress.

Notre fille se plaignait de picotement dans les jambes. En plus, ses jambs étaient très sèches. On disait qu'elle avait de la peau de reptiles. Après quelques corrections nous avons vu une grosse difference. Dans le moment Mathieu Roy CHCP® du Centre de Corréactologie de Timmins travaille beaucoup sur ses saignements de nez et son anxiété.
