PRESIDENT CEO

Quite simply, Correactology® wouldn't be what it is today without the endless dedication and passion of Michael Lapointe and Allan Lapointe. BACK TO SCHOOL HEALTH TIPS!

It's that time of year again! Here are some Back to School Health tips:

- Choose a backpack with wide padded, shoulder straps.
- Remind your child about bus safety and what the flashing lights on a school bus mean.
- Pack light. A backpack should never weigh more than 10-20% of your child's weight.
- Make sure your child knows the "rules of the road" if they are biking to school.
- Ensure that your child eats a nutritious breakfast. Studies have shown that this improves their concentration and energy levels throughout the day.
- Pack a variety of healthy snacks for the day.
- Teach your child about the effects of bullying from all angles – make sure they know they can ask an adult for help.
