## CONGRATULATIONS TO OUR GRADUATES!

On October 14, 2017 Correactology® Health Care Practitioners from across the province came together to celebrate the graduation of the third class from the Canadian Institute of Correactology. Graduation ceremonies symbolize academic accomplishments. The graduates include: Marie-Line Cronier, Lori-Anne Butyn, Alannah Luttrell and Sara McCulligh. The Board of Directors of the Canadian Association of Correactology Practitioners and the Canadian Institute of Correactology, wish happiness and success to the certified and now licensed Correactology® Practitioners.

## VAL CARON CORREACTOLOGY® CENTER AND THE VALLEY EAST DAYS EVENT!

Nicole Fredette, CHCP®, and her patient service coordinator Andrea DeCarufel were happy to attend the Valley East Days, representing the Val Caron Correactology® Center. They were happy to see everyone who came out to the event and to all of those who supported and inquired about Correactology® Health Care. Nicole would like to thank Andrea for her help and support as well as thank all the people who came to visit the booth and took an interest in the practice!

*“It was a beautiful eventful weekend! It was remarkable to see how many people participated in this event, and I was especially pleased to see familiar faces. I was thrilled to see that many people wanted to gain knowledge on who we are and what we do. People expressed the importance of being able to get alternative care to better their health. I believe in Correactology® because it gives people options when they feel that there is nothing else they can do to feel better!”*

## **PATIENT TESTIMONIAL**

*After only one treatment I had more energy. I was always so tired. What an amazing change. I feel so much better! My heartburn is also gone. I can't believe how much better I feel.*
